Statements of Advice, Outcome and Consequence

All the initiatives mentioned this morning have been captured on flip chart pages and are posted around the room. (You each have a copy of the listing of all posted initiatives.) Please use the post-its and circulate around the room adding any notes of advice or notions of consequence (What will be the outcome if we do this or don't do this?) to any and all initiatives. Please read all other notes before you post yours.

In preparation for the next breakout, please look over all the initiatives that specifically came from your country/region or have the possibility of affecting your country/region.
